We are pleased to be the first and only U.S. policy for the achievement of equal housing opportunity throughout the nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status or national origin. Our representations cannot be taken as an implied or otherwise being representative of the developer. For current requirements and references to the documents required by section 718.901, Florida Statute, to be furnished by a developer to a buyer, all features, dimensions, drawings, conceptual drawings, plans and specifications are subject to change without notice. Standard dimensions are measured to the exterior finish of the exterior walls and the centerline of the interior opening walls and in fact may vary from the dimensions that would be determined by using the description and definition of the "unit" set forth in the declaration. In fact generally only includes the interior space between the perimeter walls and excludes exterior structural components. All dimensions are approximate, and all floor plans and drawings are subject to change.
